# Final Project Progress Presentation (50 points)

## General Process

1. **Sign Up**: Each team must sign up for a presentation order. The signup form is available [here](). You are encouraged to come up with a creative or funny team name :). Just make sure it's respectful and free from any offensive or discriminatory language.
2. **Present**: Each team will present their proposed project and progress.
3. **Q&A**: The instructor and other students may ask questions after the presentation.
4. **Slides Submission**: Each team must upload their slides to Canvas to help peers complete their reviews.

## Rubrics

| Criteria | Points | Description | |
|---|---|---|---|
| Presentation Time | 5 | The presentation should be 8–10 minutes, excluding the Q&A session. | |
| Clarity & Organization | 5 | The presentation is well-organized and clear. Questions are handled effectively. | |
| Participation | 5 | The student who presents or answers questions earns points. In other words, each team member is encouraged to participate. | |
| Project Background | 2.5 | Introduce the research problem and demonstrate its importance, supported by evidence (e.g., news reports, statistics, or literature). | You should have already answered these questions in your proposal, but iterating on them can always help you improve. |
| Novelty | 2.5 | Explain why your proposed project is novel compared to existing work or developments. | |
| Contributions & Objectives | 2.5 | Describe your project's contributions, deliverables, and objectives. | |
| Current Progress | 10 | Detail what you have accomplished so far. Both "good" and "bad" results can be insightful. | |
| Short-Term Plan | 10 | Outline your specific plans for the remainder of the semester, demonstrating feasibility and timeline. | |

| Future Extensions | 5 | Discuss how your project could be extended beyond the semester—consider current limitations and ambitious next steps if the project continues. |
| Slides Submission | 2.5 | Upload your presentation slides to Canvas by Nov 19. |
